# *Excellence in Binding*

### Leather Binders and Desk Folders

Only handworked, top grain leather can give the look and feel that says, "The Best." For Regency Binders and matching Desk Folders, Hiller selects the finest finished leathers. Our quality craftsmen work by rigid specifications to hand-make for you a masterpiece. Each binder is individually made to please you. For the look of quality and the feel of craftsmanship, Hiller leather items are unsurpassed. No one can offer a binder and pad holder to equal these. If you wish, we will imprint your name or logo in gold, as well.

### Executive Sewn Binder and Pad Holder

This handsome binder and pad holder look like leather, but are priced at a fraction of the cost. Handsome and durable, it is the best value on the market. The 1" binder and pad holder are made of reinforced expanded vinyl, hand-sewn to last, with gold rings and corner reinforcements. Carry your price lists, notes and sales presentation materials in this cover and you will look impressive for a good long time. Both binder and pad holder are letter size, have an inside storage pocket and come in Western Tan and Burgundy

- 1 — 11x8½ casebound binder with slipcase
- 2 — Vinyl binder and slipcase
- 3 — 8½x5½ casebound binders and slipcases
- 4 — Vinyl easel binder adaptation
- 5 — Diskette holders
- 6 — Custom vinyl packaging for diskettes

## Computer Documentation Packaging

Hiller is right up front with the latest in materials, designs and packaging know-how. Whether your needs are cloth covered binders and slip cases or heat sealed vinyl, our manufacturing facilities cover all areas plus combinations yet to be tried. Some products we have made include: three ring binders, index tab dividers, easel binders, special sheet lifters, floppy disc holders, and printed and entrapped covers, as well as all kinds of ways of binding printed instructional manuals.

Since name identification and image enhancement are so important to you, we are equipped to provide the following decoration methods: offset printing, screen printing, emboss/deboss, foil stamp, metal applique and vinyl applique.

## Custom Decorated Binders

Your best way to build sales is to package product information in prestigious, tastefully designed custom binders. This reflects your company's image, organizes and protects information, and makes it a valuable sales tool. Binders can be made in vinyl, polyethylene and turned edge, case bound construction.

Using label holders, padded covers, concealed rivets and many other accessories, Hiller can manufacture binders that meet your business requirements. Catalogs, price lists, presentations, handbooks, parts lists, sales kits and manuals can all be enhanced with custom decorated binders.

- 1 — Multi-ring, two vinyls sealed across for two-color effect
- 2 — Poly binder with multi-color screen printing
- 3 — Vinyl with spot entrapment
- 4 — Vinyl, 2" capacity multi-color screen printing
- 5 — Vinyl, multi-color screen printing and debossed

### Index Tab Dividers

- 1 — Tabs printed solid color
- 2 — All tabs can be one color or mixed
- 3 — Spot reinforcement of holes four times as strong
- 4 — Mylar can be clear
- 5 — Poly tab, three color silkscreen and die cut

Organize your material instantly with custom index tabs from Hiller. Index tabs put information at your fingertips. These colorful tabs can be printed on both sides and reinforced with tough mylar. The holes can also be reinforced with a method that makes them three to four times stronger than conventional reinforcing. Dividers are available in white or manila, 100 or 125 lb. super tough tag stock. Tab extension is normally  $\frac{1}{2}$ ", but special sizes, materials and designs are available.

## Case Bound Binders

Hiller offers the most distinctive and durable binders on the market. They are individually hand-crafted from the finest imitation leather materials and heavy genuine binders board. Plus, Hiller offers unique custom decoration facilities that will provide you with a case bound binder that is far above the rest. Two inch and larger capacities have additional reinforcement in the hinges. With the look and feel of quality, these case bound binders carry your company name and reputation in style for a long time.

- 1 — Imitation leather material, one-color silkscreened and foil stamped
- 2 — Multi-level embossed magazine binder with two-color silkscreening
- 3 — Fabric supported vinyl, sewn deboss and foil stamp
- 4 — Full color printed with one-color foil stamp

## Media Packaging

- 1 — 6+6 vinyl album with padding
- 2 — Three ring binder with six cavity tray
- 3 — Casebound 6+6 album
- 4 — 2+0 vinyl album with entrapped printing

We offer a full range of packaging for audio and video cassettes. Unless specified otherwise, we design our cassette albums with locking lids to protect the tapes from dust and moisture. We have custom manufactured many different styles and variations and welcome the opportunity to help you develop a package that is just right for you.

## Book Manufacturing

Start your award winning book project with an award winning book finisher. Let Hiller, the top graphic finisher in the Western U.S., help you start your award winning book project from the beginning. Design errors, engineering changes and production delays, all of which are expensive and time consuming, can be totally eliminated by taking advantage of Hiller's 60 years of bookbinding experience.

Over-size books, special editions, limited editions and custom leather binding are all crafted with the same attention to detail, old world craftsmanship and unexcelled quality to which Hiller has been devoted.

- 1 — 14x11 book covered in suede with debossed title
- 2 — 12x14 book covered in padded genuine leather, one-color foil, spine hubs and slipcase
- 3 — Full leather bound 11x9, hubs and foil stamp with custom slipcase
- 4 — 10x18 book, embossed, foil stamped, metal applique' and antique overtone
- 5 — 14x11 book, jacket UV gloss coated

- 1 — Double wire with wire hanger
- 2 — Spiral white wire, semi-concealed
- 3 — Double wire
- 4 — Spiral silver wire

## Mechanical Binding

Economy and utility make wire binding an attractive binding alternative. The cost of spiral wire, double wire or plastic element binding is less than that of hard binding and, with the automatic equipment and creative planning available at Hiller, your possibilities of book design are limitless. A wire bound book is ideal for computer documentation because it opens and lies flat while it's being used. This lie-flat feature leaves both hands free to operate the computer. Many software packages are wire bound and adaptations such as an easel back are among the possibilities.

### Choice of Materials

We realize how important your package appearance is, so we stock a complete variety of cloth type cover materials as well as vinyls, imitation leathers and genuine leathers. We also have a complete range of ring metals, catalog metals, cassette trays and polyethylene cover weights and colors.

With over 60 years experience in manufacturing, we have determined which are the best materials to use and maintain high standards of quality from purchase of materials to production of your product.
